INTERNSHIP

Dear Mr. Krut Mehta,

thank you for your interest to attend an internship at the chair of Mechatronics.
After having viewed your documents, we would be pleased to invite you to an
internship in the field of

modelling of the elastokinematic of vehicles suspension systems.

You could start with the Internship in January 2018 and complete it in May
2018. Your work will include the following tasks:

**Research and programming in the field of elastokinematic
suspension simulations.**

The programming environment is expected to be MATLAB/SIMULINK and C++.
Unfortunately, we can't provide any financial support for internships. For this
reason, you need to find a way to fund yourself. We will send you of course all
the necessary information about housing options and possible scholarships.

We look forward to welcoming you in Duisburg next year.

Yours sincerely

Prof. Dr.-Ing. D. Schramm

Subject: Your application for Internship at Universitat Duisburg-Essen, Duisburg, Germany through Endowment Fund 2017-18.

Dear Mr. Krut Himanshu

Congratulations!

We are pleased to inform you that your application for the above fund has been approved. Accordingly travel support of one way airfare to a maximum of INR 30,000/- (Thirty thousand) has been sanctioned.

This approval is subject to the following conditions:

1. You are going for six months internship as a requirement to complete the degree program and eligible for the support.
2. The sanctioned amount will be disbursed after satisfactory completion of internship keeping minimum standards and grades as laid down by EFC.

This has the approval of competent authority.

With Regards

(for EFC)
