### Letter of Invitation

22<sup>nd</sup> of December 2016

Dear A/Prof Pushpendra Kumar,

We invite you to visit Flinders University for 2 to 3 weeks in February or March 2017. Your visit at Flinders University would be highly appreciated because this will give us the opportunity to plan and discuss details of our research collaboration which was fostered through our joint proposal for the Australia India Strategic Research Fund submitted in October 2016.

The local hospitality i.e. accommodation will be taken care by Flinders University.

We are looking forward to your visit.
