Subject: Fw: Ian Jarvis. University of Leicester. Possible Visit on Monday 24 September 2018.

Dear Amit and Nilanjan,

Thank you for taking the time to organise my visit tomorrow to discuss how we might offer MUJ students to opportunity to study in the UK.

Exchange programmes have typically been very difficult to organise so that significant number of students travel between their home institution and the UK. One of the main issues is the reluctance of UK students to take a period studying abroad outside of the UK. This makes it extremely hard to balance exchange numbers beyond one or two students each year. Therefore, I am not opportunistic of success with an exchange format. We can of course discuss this in more detail tomorrow.

One thing I would like to do is to meet with a few MUJ students that are keen to take a period of study in the UK as part of their degree study here in India. I am particularly interested in finding out what they are looking for if they were to visit the UK, how long they would like to visit for and what would represent an affordable cost/fee. I can then look at ways of how we might construct a suitable programme.

I hope this helps clarify one or two of the issues I think we are facing.

Kind regards,

Ian.

Dear Mr. Ian,

Greetings from MUJ!!! This is with reference to your communication with Dr. Nilanjan Halder. We will be glad to meet on September 24, 2018 and discuss potential collaboration and exchange opportunities.

If you have any specific proposal for student exchange and internships, kindly share the details. We will arrange interaction with interested students after sharing the details of the proposal. In most of the collaborative arrangements we facilitate exchange/ semester abroad by waiving the tuition fee on reciprocal basis. Students bear travel, living and other miscellaneous expenses on their own. Please feel free to discuss the possibilities.

We can meet at around 1 PM over lunch on September 24th. Kindly confirm.

Warm regards,

Dr. Amit Jain

Dear Ian,

Yes, It would be very nice if you visit us and I think 24 Sept, 2018 will be a good time to visit and most of the students will be in the campus during the time. Since we have a long week end starting from tomorrow, I will discuss with Dr. Amit Jain regarding his availability and will write to you by Monday.

Regarding the students one semester internship which I talked to you over phone, I already have discussed in detail with the students about the discounted fees. I think as the Midterm exam in the university has just ended today, they will come up to me with their views in the coming week.

With Regards
Nilanjan

Dear Nilanjan,

It is looking as though I might be in India in a few days' time. If I am and can make the necessary arrangements, would Monday 24 Sept 2018 be a convenient time for you if I visit MUJ again? I am thinking that if a visit is possible, it would give us the opportunity to sit and discuss potential shorter length student visits to Leicester and hopefully meet with some MUJ students to find out what the students might be looking for if they are to invest in a period of study/training outside of India.

Kind regards,

Ian.

Dear Nilanjan,

I am currently off-Campus, out of my office, but will be back on Tuesday 28 August 2018. Are you available for a Skype or telephone call at about 12.00 midday (India time)?

Kind regards,

Ian.

Dear Ian,

In continuation to my trailing email, we seek your response for the possibility of internship for the students of MUJ at your esteemed university, as we have a MOU signed between the two universities.

Thanks & Regards
Nilanjan

Subject: Regarding internship at Leicester University

Dear Ian,

Hope you are doing fine. Three final year student of MUJ approached me as they were interested in doing their final semester internship at Leicester University. They are in the 7 th semester of their B.Tech in Mechanical Engineering Program at Manipal University Jaipur. One is interested in doing his internship in Automotive Engineering and other two are interested in doing their internship in Renewable Energy / Manufacturing.

Please let me know about the scope of internship for a period of entire semester at your university in the above mentioned disciplines.

Thanking You.

Regards
Nilanjan
