

## Manipal University Jaipur Supports Start-ups for a Low-Carbon Economy

Manipal University Jaipur is becoming engines of change by supporting start-ups committed to building a low-carbon economy and green technologies. Through incubator programs, research collaborations, funding access, and business development support, Manipal University Jaipur is nurturing innovation with the potential to revolutionize the way we address environmental challenges. The combined efforts of universities and environmentally-focused start-ups are paving the way for a more sustainable and eco-conscious future, where innovation and entrepreneurship are driving forces for positive change. Manipal University Jaipur is actively fostering an entrepreneurship culture and providing vital support to start-ups dedicated to creating a low-carbon economy or developing green technologies.

Start-ups pioneer groundbreaking technologies and solutions that can accelerate the transition to a sustainable, low-carbon economy. These start-ups create employment opportunities and drive economic growth in the region, contributing to both the local and global green economy. Green start-ups focus on reducing carbon emissions, conserving resources, and mitigating environmental damage. Their success translates into tangible environmental benefits. By supporting green start-ups, Manipal University Jaipur inspires future generations of entrepreneurs and innovators to prioritize environmental sustainability in their ventures. Successful green start-ups can become global leaders in their respective fields, influencing industries and governments to adopt eco-friendly practices.

Manipal University Jaipur is leveraging its resources, expertise, and networks to empower start-ups that share their vision of a more sustainable future. Manipal University Jaipur hosts incubator and accelerator programs tailored to green start-ups. These programs offer access to mentorship, funding opportunities, co-working spaces, and a supportive ecosystem that nurtures their growth. Manipal University Jaipur provides start-ups with access to innovative research facilities and faculty expertise. This collaboration can lead to the development of groundbreaking technologies that address environmental challenges. Manipal University Jaipur connects green start-ups with investors, venture capitalists, and grant programs that focus on sustainability and clean technologies. This access to funding is crucial for scaling up innovative solutions. Manipal University Jaipur offers workshops, seminars, and training sessions on business development, marketing, and intellectual property management. These resources help start-ups refine their strategies and navigate the complex business landscape. Manipal University Jaipur hosts events, conferences, and networking sessions that facilitate connections with industry experts, potential partners, and customers. These opportunities can significantly enhance a start-up's visibility and growth prospects.

**Subject:** City Lead | Hiring @ Startup Oasis

Dear Dr. Ram,

We at Startup Oasis are recruiting right now for the position of "City Lead" for our 7 Incubation Centers. The centers are in Jaipur, Jodhpur, Udaipur, Ajmer (Only Female Candidates), Bikaner, Jhalawar and Bharatpur.

-----

### Job Description of City Lead

1. Developing and populating the coworking space.
2. Developing the ecosystem and generating awareness in the local community about the incubation center and entrepreneurship. This would require you to conduct various meetups, speaker series and startup pitches.
3. Scouting and doing outreach to build the incubation pipeline. To get started on this you would have to launch "Ideate" which is the flagship - B Plan competition of Startup Oasis. You would also be required to do some Digital Outreach and Social Media Marketing so that you can build the visibility online for the same.
4. Running Incubation and Startup Support Programs. These programs will be primarily those, that are being done by Startup Oasis for various startups as per their readiness. It can be a LaunchBoard which comprises of 3 workshops, Pre Accelerator Program which is of 8 weeks length and Accelerator Program which is of 10 weeks duration.
5. Building engagement with academic institutes.
6. Developing the area of expertise as per local expertise.

For all of these things, Startup Oasis team will help and assist you.

**For the above mentioned role, the compensation will be Rs 20,000/- per month.**

Let me know if you can connect me with the Placement Head of your college, so that we can take it ahead.

Thanks.
