# SUSTAINABLE DEVELOPMENT GOALS

## 4 QUALITY EDUCATION

SDG4 Quality Education is the motto of Manipal University Jaipur. The institute has been offering quality education to all its students and ensures that an ecosystem of research and innovation is delivered to its students. The University has implemented the NEP policy that examines the trends in education attainments at primary, secondary, and tertiary levels in India and explores some major challenges facing the quality education and accessibility issues in the education sector.

## 2. Objective of the Event

Give students the insight of Artificial Intelligence in Industry.

## 3. Beneficiaries of the Event

Registered Students of BCA and MCA

## 4. Brief Description of the event

The department of computer applications organized an Industrial Talk on “Artificial Intelligence” on 10<sup>th</sup> October 2022. To give students maximum benefits the talk was delivered Online(MsTeams). The guest speaker was Mr. Kartavya Jain, Corporate Trainer, Seldom India Tech. The event started with welcome address by Dr. Shilpa Sharma.

Mr. Kartavya Jain gave a very engaging and insightful lecture on Artificial Intelligence. He started with the basics of artificial intelligence that its ability to rationalize and take actions that have the best chance of achieving a specific goal. A subset of artificial intelligence is machine learning (ML), which refers to the concept that computer programs can automatically learn from and adapt to new data without being assisted by humans. Deep learning techniques enable this automatic learning through the absorption of huge amounts of unstructured data such as text, images, or video. He also discussed about the application area of artificial intelligence

## 1. Introduction of the Event

The lecture is started with warm welcome of speaker. Speaker has introduced 5G features, requirement, and advantage. He has also discussed 5G architecture, 5G Network Interface, 5G Channel Type and 5G Protocol Stack. The session was interactive throughout and non-trivial questions raised by students as well as faculty members made the lecture even more thought provoking.

## 2. Objective of the Event (bullet points or about 50 words)

To introduce the following:

- 5G features and advantages
- 5G architecture
- 5G Network Interface
- 5G Channel Type
- 5G Protocol Stack

## 3. Beneficiaries of the Event (Student/Faculty/Community etc) (25 words)

- MUJ, CSE V semester students.

## 4. Details of the Guests

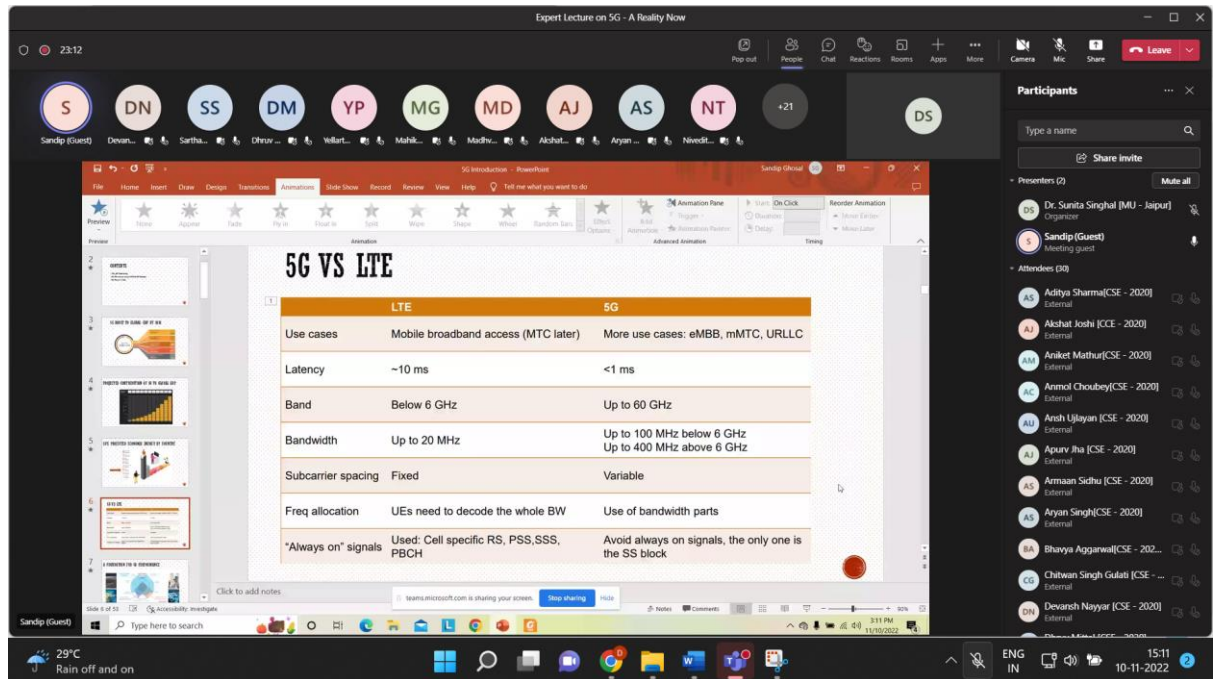

Dr. Sandip Ghosal received the B.Tech. degree in Electronics and Communication Engineering from Kalyani Government Engineering College, Kalyani, India, in 2012. He completed his M.E. degree in Microwave Communication in 2014 with Silver Medal for being the first ranker among all specializations in the Department of Electronics and Tele-Communication Engineering, from Indian Institute of Engineering Science, and Technology Shibpur, India. During his Masters, he was associated with a project work on retro-directive communication sponsored by Space Application Centre, ISRO. He obtained Ph.D. degree at the Department of Electronics and Electrical Communication Engineering, Indian Institute of Technology Kharagpur, India in 2020 in the domain of computational electromagnetics. His research focus was based on the development of an electromagnetic understanding of mutual coupling among different transmitting and receiving nodes in the physical layer. During his PhD period, he had developed an integral equation based computational electromagnetic simulator for the purpose of full-wave electromagnetic characterization.

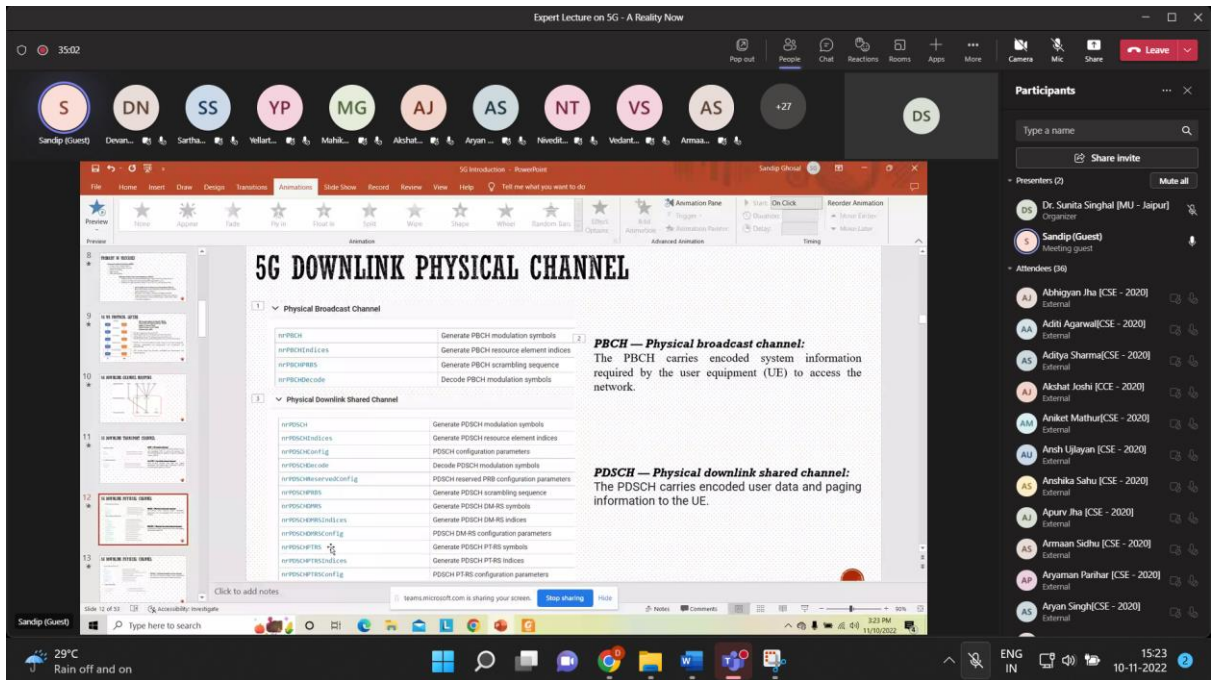

## 5. Brief Description of the event

An expert lecture on “5G Reality” was organized by the Department of Computer Science and Engineering (CSE), School of Computing Science and Engineering on 10 November 2022. The invited speaker was Dr. Sandip Ghosal from MathWorks. He completed his Ph.D. degree Indian Institute of Technology Kharagpur.

Speaker has introduced 5G features, requirement, and advantage. He has also discussed 5G architecture, 5G Network Interface, 5G Channel Type and 5G Protocol Stack.

**PBCH — Physical broadcast channel:**  
The PBCH carries encoded system information required by the user equipment (UE) to access the network.

**PDSCH — Physical downlink shared channel:**  
The PDSCH carries encoded user data and paging information to the UE.

The UE uses the demodulation reference signal (DM-RS) and the channel state information reference signal (CSI-RS) to aid channel estimation and to support measurements. For phase noise compensation, the UE uses the PDSCH phase tracking reference signal (PT-RS). Positioning reference signal (PRS) is used to estimate the position of the UE in the wireless network.

## 1. Introduction of the Event

Topic: Research options in IOT

Event date: 13th October 2022; Thursday

Venue: Online (Ms Teams)

Attendees: Registered MCA/BCA students and Staff members

Time: 10:00 AM-1:00 PM

Resource Person: Md. Faiz Akram Researcher and Entrepreneur, Curie Robotics and Dr. Han Wu Researcher and Developer, University of Exeter, USA

## 2. Objective of the Event

To give the insights of Research options in IOT.

## 3. Beneficiaries of the Event

Registered Students of BCA and MCA

## 4. Brief Description of the event

The department of computer applications organized an Industrial Talk on “Research options in IOT” on 13<sup>th</sup> October 2022. To give students maximum benefits the talk was delivered Online (MsTeams). The guest speaker were Md. Faiz Akram Researcher and Entrepreneur, Curie Robotics and Dr. Han Wu Researcher and Developer, University of Exeter, USA .The event started with welcome address by Dr. Shilpa Sharma.

The session gave the insights of IOT to students like The Internet of Things (IoT) describes the network of physical objects—“things”—that are embedded with sensors, software, and other technologies for the purpose of connecting and exchanging data with other devices and systems over the internet. These devices range from ordinary household objects to sophisticated industrial tools. IoT systems are complex: They combine individual devices, databases and gateways that connect several networks. They are linked to the internet via a mostly wireless interface and send data or, conversely, receive commands. In the background, the sensitive data is protected and secured by security solutions during transmission.

## **Introduction of the Event:**

Lecture was organized by the Department of arts. The topic taken was religion for peace the lecture was taken by Srivatsa Goswami an Indian Indologist Acharya of Radha Raman Temple and Director of Sri Chaitanya Prem Sansthan, Vrindavan

## **Objective of the Event**

To create awareness for peace among the students and faculty members of the university

## **Beneficiaries of the Event**

Faculty members and Students of the Manipal University Jaipur.

## **Details of the Guests**

Shrivatsa Goswamiji is an Indian indologist as well as a scholar. He was born at Vrindavan into a brahmin family whose members were the caretakers of the famous Radha Raman temple for more than four centuries. Shrivatsa Goswami's father, Purushottam Goswami, was the temple leading priest. In accordance with the family tradition, Shrivatsa Goswami became the acharya of the Radha Raman temple. In 1972, he founded a scientific and cultural organization, the "Sri Caitanya Prema Samsthana", to the propagation of traditional Vaishnavism, patronised the arts and scholarship on Vaishnavism, especially in Vrindavan.

## **Brief Description of the event**

In his address He said that the effort, which is worshipped by mankind, that 'Dukh Hari-Sukh Kari' is a value and a process For this, he uses the word, Shri Krishna. 'Dukh Hari-Sukh Kari', if a person is found or a value and a process are found, then man considers the reward of his life to be successful. This is the goal of mankind. For this, he says that he can be Krishna. This is the speciality of the Sanskrit language. Mostly with the word Krishna we remember the Lord, Mohan playing the flute But in Sanskrit the Dhatu used to make each word is different. "Krish: Bhoo

## 1. Introduction of the Event

The **Guest Lecture** was organized in the virtual mode by the Department of Arts, Manipal University Jaipur, SSSH on 17<sup>th</sup> February, 2022. This lecture was a platform for alumni and students and faculty to interact.

## 2. Objective of the Event

- Alumni shares his experiences of life of hard work and determination
- Students to get motivated
- Alumni and students to interact with each other

## 3. Beneficiaries of the Event (**Student/Faculty/Community etc**) (25 words)

- Students of the Department and MUJ

## 4. Details of the Guests (**Chief Guests, speakers etc Designation, organization, contact details if any please give them in sr no**)

Mr. Bhavyadeep Seervi is an alumni of BA (Liberal Arts) of batch 2021. He hails from Bagdi, Rajasthan. He is an alumnus of St. Xaviers school, Jaipur after which he joined MUJ in 2018. Bhavyadeep has been a sincere student while he was at MUJ. He has been an avid sportsperson throughout his adolescent life, pursuing the sport of swimming. While he was a swimmer in his school life, he won a number of accolades including bronze and silver at district and state level

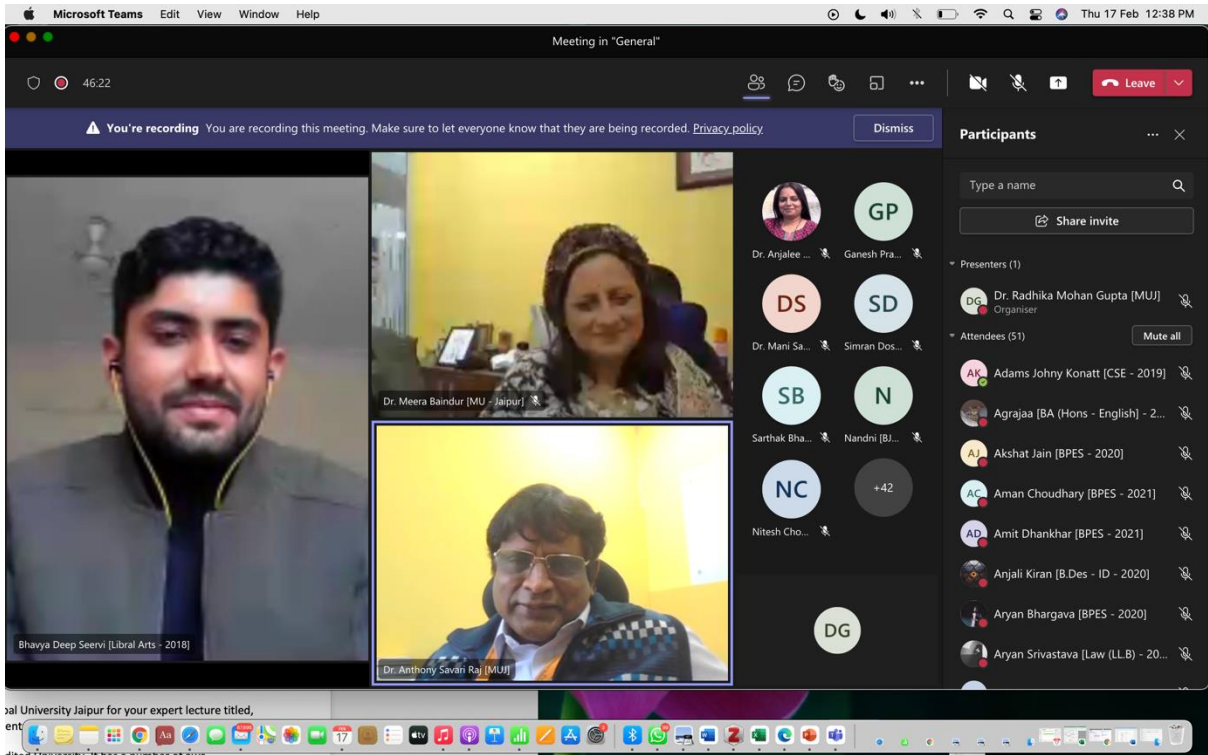

## 5. Brief Description of the event (**about 200 words**)

The guest speaker spoke about his life, family and friends. He elaborated on his life at MUJ, thanking all his faculty for giving him an excellent experience here. He motivated the students with his reminiscences on a disciplined life where he balanced both studies and swimming. He extolled on the virtues of pursuing a sport and the benefits that it has on the mind and the body. He talked about the immensely powerful role that his father has played in his life, being a mentor and a guide and that constant communication with his parents has kept him grounded and in touch with reality. He also talked about how COVID affected his life, making him discontinue several things in his life and resilience to keep his goals aloft. All in all, it was a very inspiring talk for all.

## **Details of the Guest**

Since 2012 to 2019, Prof. Pandey has been the Rashtriya Sanskrit Sansthaan's Director of Distance learning officially known as Central Sanskrit University. From 2012 to 2019, he served as the Dean of Distance Education. He has received multiple honours from various organisations, including the Madhya Pradesh Sanskrit Academy, among others. In New Delhi's, Sahitya Academy, Prof. Pandey serves on the Sanskrit Advisory Committee. He has authored 175 research papers and 65 books. He received invitations to Swami Vivekananda Cultural Center in Kathmandu, Nepal and Silpakorn University in Thailand. He has given numerous lectures at colleges all around the nation. More than 100 national and international research conferences have been attended by Prof. Pandey. On the occasion of World Sanskrit Day, which falls on August 12, 2022, ISC is honoured to present Dr. Satya Pal Singh the Surbharati Samupadak Samman 2022 in appreciation of his exceptional professional contributions over these years.

## **Brief Description of the event**

Professor Pandey explained the general characteristics of the drama. He said that 'Avasthanukriti Natyam' means the playimitating the states. In poetry or drama, content is used which is written based on the feelings of the poet. Simplifying his point, he said that whatever is written after the feeling of the poet, the whole activity is imitated in drama. This imitation is done through four types of acting, Angik, Vachik, Satvik, and Acharya. Through these, the poetic parts are presented through Nata Abhinaya. It reaches society through simplification. From this phenomenon, Rasa is obtained. This Rasa is transcendental, which can be attained only through poetry.

## 14. Syllabus Covered

### CS2232: WEB TECHNOLOGY LAB [0 0 2 1]

Introduction to WWW: Web Design, Web site design principles, planning the site and navigation. HTML: The development process, html tags, forms, web site structure. XHTML: XML, move to XHTML, meta tags, character entities, frames and frame sets, inside browser. Style Sheets: CSS1, CSS2, CSS3. JavaScript: How to develop javascript, variables, functions, conditions, loops and repetition. Advance Javascript: Javascript and objects, javascript own objects, the DOM and web browser environments, forms and validations. DHTML: Combining HTML, CSS and Javascript, events and buttons, controlling your browser. Ajax: Introduction, advantages, purpose of it, Ajax based web application, alternatives of Ajax. XML: Introduction to XML, DTD and Schemas, Well formed, using XML with application. XSL: Introduction to XSL, XML transformed simple example, XSL elements, transforming with XSLT. PHP: Starting to script on server side, arrays, function and forms, advance PHP. Databases: Connection to server, creating database, performing data and schema related operations, PHP myadmin and database bugs. Advanced topics: E-Commerce models and architecture. m-Commerce: WAP and Mobile agents, search engines and search engine optimization, Introduction to web services and technology. Introduction, pros and cons of the above technology with advance technology: JQuery, WebRTC, Web socks, Angularjs, NodeJS, JSON, Bootstrap. All above will be facilitated using Web/Mobile application projects assigned to the students.

The Department of Chemistry, School of Basic Sciences, Manipal University

Jaipur, organized Second webinar in the series of “**Industrial expert Online Lecture Series 2022-23**” on 4<sup>th</sup> November 2022. The webinar was conducted in the MS Teams platform from 10.00 AM onwards. The webinar had participants from various departments of science and engineering. In total, 46 participants from different parts of the Country attended the webinar.

The webinar was hosted by **Dr. Sriparna Ray**, Assistant Professor, Department of Chemistry, MUJ with the encouragement and support of the HoD **Dr. Rahul Shrivastava**, Professor, Department of Chemistry. The invited talk was delivered by **Dr. Harshil Renawala**, who is working as Senior Scientist, in **Merck Sharp & Dohme (MSD)**, West Point, Pennsylvania, **United States**. The topic of his talk was “**Characterization of fibrillation risk in peptide drug products**” The talk included the information of various methods involved in converting the therapeutic peptides to clinically and commercially important drug class, thereby providing specific treatment of different diseases. The talk also included the discussion about choosing industry or academia as a career for the students majoring in Chemistry. At the end of the fruitful discussion, **Dr. Sriparna Ray**, gave the Vote of Thanks and concluded the webinar.

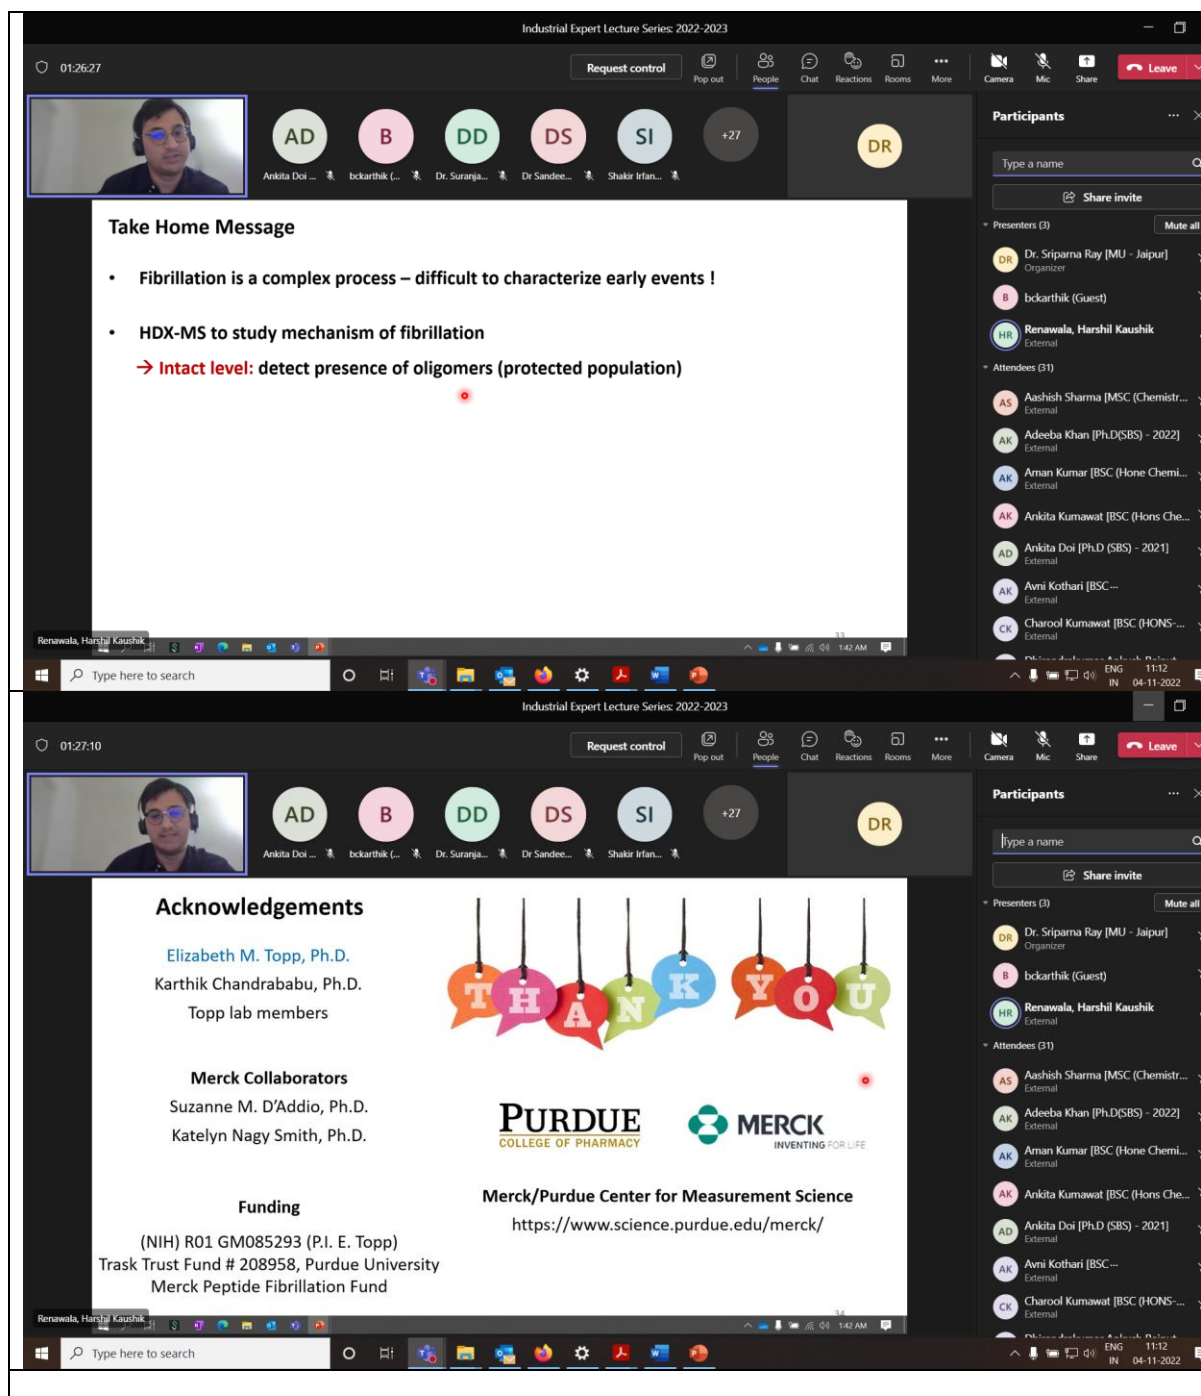

## Objective of the Event

- Importance of chemical sciences and its necessity in industrial application and instrumentation.
- intends to nurture the knowledge of students about the various career opportunities in the field of chemical sciences.

**Beneficiaries of the Event:** Graduate and post graduate students

## Details of the Guests:

The webinar was conducted in the MS Teams platform from 10.00 AM onwards. The webinar had participants from various departments of science and engineering. In total, 46 participants from different parts of the Country attended the webinar.

The webinar was hosted by **Dr. Sriparna Ray**, Assistant Professor, Department of Chemistry, MUJ with the encouragement and support of the HoD **Dr. Rahul Shrivastava**, Professor, Department of Chemistry. The invited talk was delivered by **Dr. Karthik Balakrishna Chandrababu**, who is working as **Senior Analytical Scientist** in **Lindy Biosciences, Inc.**, at **Raleigh-Durham-Chapel Hill Area, United States**. The topic of his talk was “**Processing and characterizations of therapeutic Monoclonal antibodies**” The talk included the information of various methods involved in converting the monoclonal antibodies to the different vaccines, thereby providing specific treatment of different diseases. The talk also included the discussion about choosing industry or academia as a career for the students majoring in Chemistry. At the end of the fruitful discussion, **Dr. Sriparna Ray**, gave the Vote of Thanks and concluded the webinar.

## Objective of the Event

- Importance of chemical sciences and its necessity in industrial application and instrumentation.
- intends to nurture the knowledge of students about the various career opportunities in the field of chemical sciences.

**Beneficiaries of the Event:** Graduate and post graduate students

## 1. Introduction of the Event

Fostering The Future 6.0 was an online workshop conducted by IEEE SBMUJ, where we helped the students build, analyze and further their insight over career choices, work opportunities, interests according to the relevance of the tech industries, and their domains, and ultimately, we put these ideas into place by inviting an MUJ Alumni, who guided the students into formalizing their career ideas by giving personalized advice and career guidance.

## 2. Objective of the Event

To invite an MUJ Alumni to show our members the growth of the Sophomores previously at MUJ and discussion over the Alumni's career path, their choices, and interests and to help students understand how they can shape their own career paths using the advice of an Alumni and also gain knowledge about different post-graduation exams and scopes to grow in any relevant field of technology or interests.

## 3. Beneficiaries of the Event

MUJ Faculty and Students

## 4. Details of the Guests

### Ms. Kanika Gera

The speaker, Ms. Kanika Gera, is presently working as an "Associate" at Goldman Sachs, she is an esteemed Alumni of MUJ, who did A B.Tech in Computer Science. She has interned at Tech Mahindra as a Data Analyst and as a Voice Intelligence Intern at Samsung. She has also received a master's degree in Computer Science from Bits Pilani.

## 5. Brief Description of the event

The workshop started off with the speaker explaining about the importance of career choices and the paths that can be chosen. The

participants were also very interactive and had all their doubts cleared with the speaker. It also covered a roadmap to higher studies, on grabbing internship opportunities, prepping for post-graduation exams.

All the topics from basic to a demonstrative level were included and explained by the speaker. By the end of it, the participants learnt a lot and this workshop will surely help them get started with charting out their future career plans and opportunities

## 6. Photographs

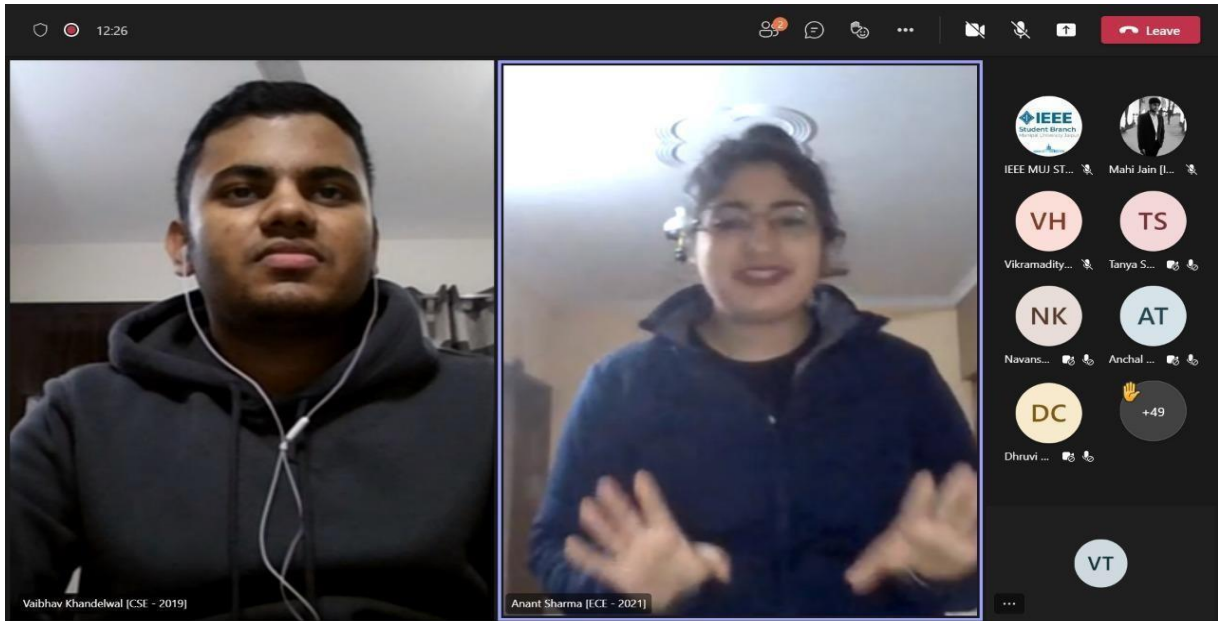

The speaker interacting and with the student members and the host, and simultaneously clarifying doubts.

The speaker talking about their career choices and what decisions she took to reach their current job.

The speaker and the host in a conversation about the Tech Industry and the expanse of the Domains.

## 1. Introduction of the Event

The curriculum-based guest lecture was conducted on 'Banker Customer Relationship'. The relationship is very pertinent to understand as they are in different roles such as debtor-creditor, creditor-debtor, bailer-bailee etc. For performing the duties these relationships are required to be understood in detail.

## 2. Objective of the Event

The objective of the event to make student understand the importance of banker customer relationship in general and specific forms.

## 3. Beneficiaries of the Event

Students who want to go in detail how banker and customer deal with each other in different types of relationships.

## 4. Details of the Guests

Mr Puneet Kulshresth, Senior Manager-Canara Bank

## 5. Brief Description of the event

The banker is the person who is offering all such type of all such type of roles such as accepting the deposits and giving the loans means these types of services are offered to the public. That person is specifically who is dealing or handling all these things.

## 1. Introduction of the Event

Investor Awareness Program (IAP) on 'Commodity Markets: Importance for Young Entrepreneurs' was organized by School of Business & Commerce-Department of Commerce for students of the University and for young entrepreneurs on 30<sup>th</sup> November 2022 via online mode through Microsoft Teams. IAP aimed to help the target audience in the long run for getting insights about Commodity Markets. Commodities are most often used as inputs in the production of other goods or services. The expert of the areas was invited for conducting the session and to make students and entrepreneurs aware about the importance of Commodity Markets. Entrepreneurs are identifying and taking advantage of market imperfections.

## 2. Objective of the Event

A commodity is a basic good used in commerce that is interchangeable with other goods of the same type. Commodities are most often used as inputs in the production of other goods or services. The quality of a given commodity may differ slightly, but it is essentially uniform across producers.

## 3. Beneficiaries of the Event

The target audience are young entrepreneurs, students, and faculty members.

## 4. Details of the Guest

Dr. Ishu Tayal is presently working with NSDL-West as Regional Head. Prior to that he was Regional Manager at BSE Ltd from 2011-2020. Dr. Ishu has expertise in generating new business and volumes in Equity, Mutual Fund, Commodity Derivatives, Equity Derivatives, Currency Derivatives and SLB Segment. Dr. Ishu has delivered more than 450 education seminars regarding capital markets education for Investors and students at various Universities and colleges which includes premium B schools like IIMs and IITs. He is also a regular speaker in seminars with SEBI (Securities and Exchange Board of India).

## 5. Brief Description of the event

The Investor Awareness Program is organized for the benefit of entrepreneurs, student, and faculty members. By attending this IAP students and entrepreneurs will be able to:

- Define commodities and their key features
- Identify the major commodity categories
- Discuss the drivers of the commodities in different categories
- Undertake commodity trading strategies using futures and options
- Explain commodity spreads and common spread trading strategies
- 

The young entrepreneurs would be having various option available. If entrepreneur enters the market, hedging is very important. Raw material of the company is commodity, commodity needs to be hedged for price fluctuation. For some industrials raw material is one of the commodities which is affected with unprecedented price. Knowledge is very important if dealing with commodities even if you are directly or indirectly associated with markets, because it is complex to

understand. Students raised the query in relation to trading with stock market and commodity markets.

Nanoparticles are often coated with a different material than the core. These coatings are expected to interact with the environment. But the core material may become exposed to the environment when the coating is worn away.

For example, microscopic organisms, such as daphnia in water, digest the coating and expel the core material back into the environment.

**Invited talk on “Holistic Health”, by Dr Altaf Ur Rahman**

**Date of Event : 14/11/2022**

## 1. Introduction of the Event

Department of Arts (SCHOOL OF HUMANITIES AND SOCIAL SCIENCES) organized an invited talk on “Holistic Health”, by Dr Altaf Ur Rahman to promote health, fitness for MUJ family and create awareness among the students and faculty members.

## 2. Objective of the Event

- Holistic living is where one is being mindful of their thoughts, soul, and body.
- Mental health is a behavioural, cognitive, and emotional well-being state.
- Physical Health Exercise is the key not only to physical health but to the peace of mind.
- Spirituality is not an extra-terrestrial thing- it is the essence of human existence.

## 3. Beneficiaries of the Event

Nutrition, Exercise, Relaxation, Sleep. These pillars work together to keep your mind and body healthy. Nutrition. A healthy diet promotes bacteria in the gut that helps “feel good” signals get through to the brain.

## 4. Brief Description of the event

Holistic health is an approach to life that considers multidimensional aspects of wellness. It encourages individuals to recognize the whole person: physical, mental, emotional, social, intellectual, and spiritual.

healthcare is complete or total patient care that considers the physical, emotional. Holistic health is about caring for the whole person — providing for your physical, mental, spiritual, and social needs. It's rooted in the understanding that all these aspects affect your overall health and being unwell in one aspect affects you in others.

## 5. Description of the resource person

He is former trustee and CEO of Holistic Life care, Bangalore. He is also former member of the governing council CCRTN-AAYUSH, Ministry of Health and Family Welfare, Government of India

## **1. Introduction of the Event**

Department of Commerce, Manipal University Jaipur organized an industry talk on “Auditing and Assurance” on 28<sup>th</sup> April from 12:00 Noon – 01:00 PM.

## **2. Objective of the Event**

The aim of this lecture was to make the students aware about present trends in Auditing and Assurance.

## **3. Beneficiaries of the Event**

This talk was organized for the students B.Com (Hons.) in accounting 2019 - 2022 to make them aware Auditing and Assurance.

## **4. Details of the Guests**

Daniya Beg is an alumnus of B.Com (Hons) (Accounting) Department of Commerce of pass out batch 2020 and Gold Medalist. She is presently working as an Assurance Associate at Ernst & Young GLOBAL DELIVERY SERVICES and ACCA Affiliate.

## **5. Brief Description of the event**

The session was started by the welcome speech given by Dr Jampala Maheshchandra Babu, Alumni Coordinator (B.Com) Hons, Department of Business Administration. Dr Jawahar Jangir, Director, School of Business and Commerce and Dr DrSushil Kumar Jain Director, Directorate of Alumni Relations welcomed her, and provided insights about the EY GDS company.

Daniya beg explained the thin line between academics and industry. Daniya Beg explained the complete working process of Ernst & Young GLOBAL DELIVERY SERVICES and provided detailed insights into the different services provided by the company like Financial Accounting, Advisory Services and Forensic & Integrity Services. She emphasized the placement centric focus and how the ACCA helps get placed.

Daniya Beg motivated students for effective time management and stressed clearing all the ACCA papers in one go rather than taking a break, and explained what skills are required for students to choose the big four companies. She also provided tips on management time and how to focus on clearing different modules of ACCA. The session ended with a question-answer and vote of thanks by Teena Shivnani and Dr Saurabh Sharma.

Dr Jawahar Jangir, Director, School of Business and Commerce had concluded the session by providing the moment to Mrs Daniya Beg. The Session ended with a group photograph with all the students.
