

Manipal University Jaipur and Authorities in Addressing Planning Issues and Development

Manipal University Jaipur serves as a center of knowledge, research, and innovation, endowed with extensive resources, expertise, and intellectual assets. On the other hand, local authorities are responsible for governance, policy development, and the implementation of initiatives that affect the welfare and advancement of the community. By collaborating, Manipal University Jaipur and local authorities combine their strengths to address complex challenges associated with urban planning, infrastructure, social welfare, and economic growth. The university plays a crucial role through its research initiatives, offering local authorities detailed data, analyses, and creative solutions. Joint research projects focus on urgent community concerns, including housing affordability, transportation, environmental sustainability, and urban regeneration. These efforts provide local authorities with evidence-based insights, enabling them to make informed decisions and develop effective policies.

Manipal University Jaipur features departments dedicated to urban planning, architecture, and design. The collaboration between academia and local authorities leads to the development of innovative urban planning strategies. These strategies aim to create sustainable, inclusive, and resilient urban environments that address the changing needs of the community while safeguarding cultural heritage and fostering environmental sustainability. Numerous examples illustrate the success of partnerships between the university and local authorities. Initiatives centered on brownfield redevelopment, smart city projects, community health and wellness programs, and sustainable energy solutions demonstrate the transformative potential of such collaborations.

1. Introduction of the Event

The practical knowledge about the subject is of immense importance for the students of B.A, Economics (Hons.), M.A. Economics (Hons.), and as such apart from regular classroom teaching there is a strong case for exposing them to innovative and practical outdoor sessions/visits to the nearby areas & projects. Taking this pedagogy of teaching, a one day visit to the renowned Laporiya village and interaction with **Padma Shree Laxman Singh** was planned to closely to observe how the water stressed Laporiya village became self-sufficient in water with all the efforts of **Laxman Singh Ji**. He has been awarded the Padma Shree for his significant contribution to the field of saving water and the environment for the last 40 years. He changed the picture of more than 50 villages with the technique of saving water and the campaign launched for it. He recharged the ponds with the Chowka technique to save water and pastures.

To take insights into his dedication, efforts, and commitments, this visit was planned for students to interact with him so that the **environmental sustainability** thought will sustain forever with **Gen-Z** and they will transfer the same to **Gen-Alpha**.

2. Objective of the Event

Water is a finite and shared resource. As well as being a basic human right and fundamental to healthy ecosystems, water is vital to the functioning of the global economy. However, increasing demand and competition, climate change and pollution are putting pressure on global water resources, creating risks for business and society. To experience the outstanding achievements and gain practical knowledge about environmental economics, an academic visit to “Laporiya village, near Dudu” is organized for the betterment and knowledge enhancement of the students.

3. Beneficiaries of the Event

Students and faculty members of Manipal University Jaipur.

4. Details of the Guests

The President of India has awarded Shri Laxman Singh Ji Padma Shree for his commendable work of reviving the Chowka system, a traditional water harvesting method in Rajasthan. He has founded the NGO Gram Vikas Navyuvak Mandal Laporiya (GVNML). The efforts of Sh. Laxman Singh Ji has borne fruits in a drought-ridden small village (Lapodiya), 80 km from Jaipur.

5. Brief Description of the event

It was an expert lecture on Syllogism of knowledge of economics, entrepreneurial and data skills: Unpack the Why? by Mr. Abhishek Jain, EY, Senior project consultant E & Y. The aim of the lecture is to provide economic knowledge, entrepreneurial skill with basic data analytics knowledge and skills when it comes to leveraging data while growing their businesses, regardless of their respective industries. Student's always be in prisoners dilemma of Why?
