

FAQ for hostel allotment

1. How is the hostel allotment process conducted?

Please note that we have limited occupancy availability in hostels, and this allotment will be purely based on a first-cum-first-serve basis, determined by MET rank (for candidates admitted through online counselling) and by the date of admission with full fee payment (for candidates admitted through merit or on-campus admission).

2. Is hostel accommodation available?

Yes, hostel accommodation is available with limited availability in the following two options:

- **Option 1:** Double Occupancy (subject to availability)
- **Option 2:** Triple + Double Occupancy (Triple Combo)

We recommend booking at the earliest, as allotments are made on a **first-come, first-served basis**.

3. How can I make the payment?

- You can pay through the online portal using **UPI, Debit/Credit Card, or Net Banking**.
- The portal link and payment instructions will be included in the **allotment email**.

4. Do I have to make the full payment at once? I don't have enough limit on my card.

Yes, full payment is required to confirm your hostel allotment. However, if your card has a transaction limit, you can make **partial payments**. The same payment link can be used multiple times until the **total fee is fully paid**. Ensure that the full amount is paid **within the given deadline** mentioned in your allotment email.

5. I need a Double Occupancy room, but the link is not working. What should I do?

- **Please note that Double Occupancy rooms have limited availability.** Double Occupancy is allotted based on **MET rank** (for candidates admitted through **online counselling**) and by the **date of admission with full fee payment** (for candidates admitted through **merit or on-campus admission**). This also includes students who have made **early payments** among the above-mentioned categories.
- Once these rooms are fully booked, the **payment option/link is automatically disabled**.

- If you are unable to access the payment link for Double Occupancy, we request you to kindly consider the **Triple + Double Occupancy (Triple Combo)** option, which may still be available.
