General suggestions from Academic Council:

- As per the National Credit Framework (NCrF), for every contact hour, it's necessary to have 1 hour of outside class engagement and the University should strategically come out with various plans on how to execute this and present it as a discussion agenda item in the next Academic Council meeting. In this regard, the Deans of FoSTA and FoMCA were requested to deliberate this at Schools and Department levels and present the report in the next Academic Council meeting.
- Coursera courses must not be considered for assessment of CWS marks but shall be undertaken by students as reading material and self-study extra learning courses.
- SWAYAM/NPTEL courses are to be taken by faculties from all disciplines which will be helpful for NBA accreditation.
- In the coming days, the University shall think of taking Minor revisions in the syllabus of courses to be approved by the Board of Studies of the respective departments and get it ratified by the respective Faculty Board rather than bring it to the Academic Council.

The meeting ended with a thanking note to all for active participation.
